

TRAYVA

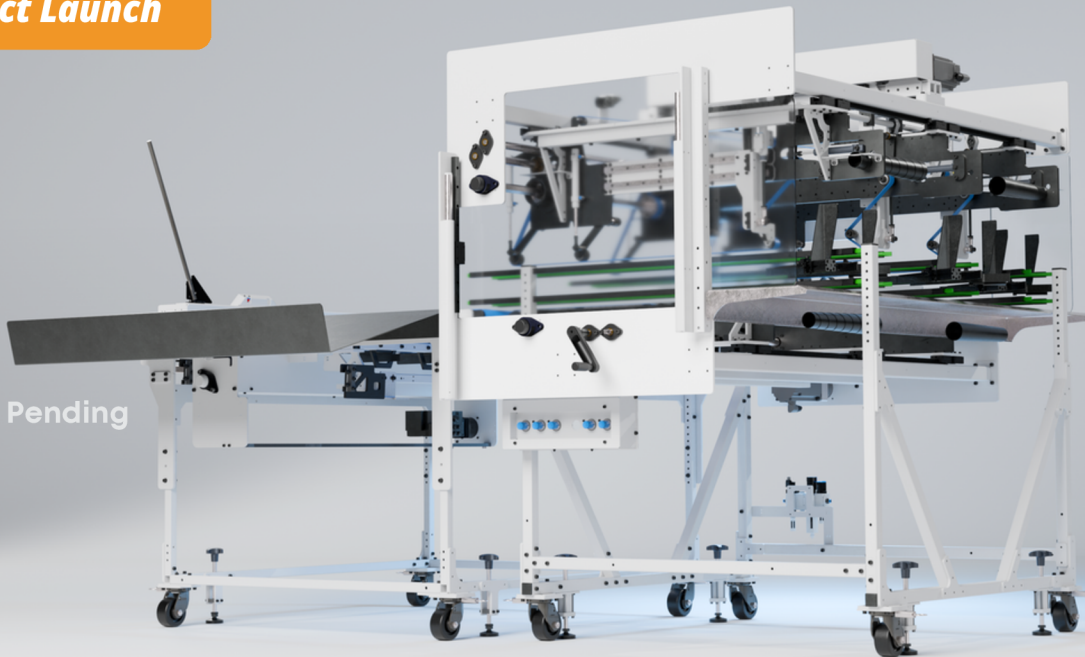

Fast. Efficient. Ergonomic.

Semi-Automatic Tray Packing Solution

**2025 New
Product Launch**

Patent Pending

COMPETITIVE ADVANTAGE

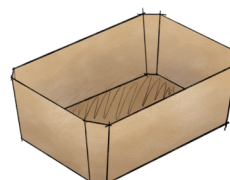

The TRAYVA Semi-Automatic Tray Packing Solution automates batch counting and separation, making batch packing faster and more ergonomic. It can be configured for 2 to 6 lanes. With the TRAYVA system, a single operator can pack trays from two tray forming machines.

Packaging Type: Folding carton and corrugated trays

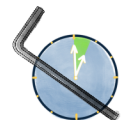

Case Configurations: Multi-layer, multi-row

Industries: Food (Prepared Foods, Baked Goods), Home (Cookware), E-commerce (Toys, Electronics) Personal Care (Healthcare, Cosmetic, Pharmaceutical)

Compatible with 3rd-party tray forming machines.
