

# SPARROW

Fast. Agile. Efficient.

Automatic Packing & Stacking Solution

## COMPETITIVE ADVANTAGE

- Modern state of the art design and reliable build quality.
- Industry 4.0 Automation App guides set up and changeovers contributing to short learning curve.
- Quick tooling for fast, easy changeovers.
- Since the SPARROW has very low minimum case clearance requirements of 1-5mm it allows 2-5% more boxes per case than the VIRTUO and other 3rd-party automatic packers.

**PAYBACK**  
LESS THAN 2 YEARS

**+50-120%**

**Up to 10 Cases per Minute**

**10 Minute Changeovers**

- Optimized for corrugated and folding carton beverage boxes packed into open top cases.
- Medium to large straight-line boxes, i.e., large beverage, cat litter boxes, dry detergent and dish washer capsule boxes

- Can also run cases with flaps by integrating optional flap management module

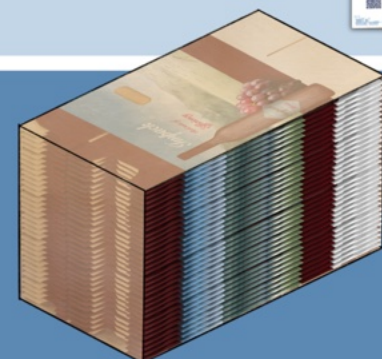

- Autobottom boxes cannot be packed on the SPARROW.

## Single Row , Single Layer Case Configurations

\*Pricing is approximate and subject to change, contact your area sales manager for a personalized quote. Actual productivity and time to payback depend on many factors unique to each client.
