

# VIRTUO

**Fast. Precise. Compact.**  
Automatic Packing Solution

## Advantages

### Maximum Speed & Productivity

Ultra high speed packing of heavy boxes.

### Versatility in Packaging

Handles folding-carton and corrugated rectangular-shaped boxes with ease.

### Optimized for Larger Boxes

Perfect for medium to large straight-line boxes, such as beverage packs, cat litter containers, and dry detergent packaging.

LESS THAN 2 YEAR

**+50-100%**

**Up to 8 Cases  
per Minute**

**5-15 Minute  
Changeovers**

**COMPETITIVE  
ADVANTAGE**

High speed packing of folding-carton AND corrugated packaging.

- Optimized for folding carton and corrugated rectangular shaped boxes
- Medium to large straight-line boxes, i.e., large beverage, cat litter boxes, dry detergent and dish washer capsule boxes
- Can also run small to medium straight-line boxes, but these may be better packed on an ERGOSA with an INH. Ask your sales representative for advice.

- Some 4/6 corner and basket beverage carriers can be packed on the Virtuo
- Some boxes have features that cause interlocking, i.e., handles or windows - testing will determine if these boxes are compatible with the system

- Autobotom boxes cannot be packed on the VIRTUO.

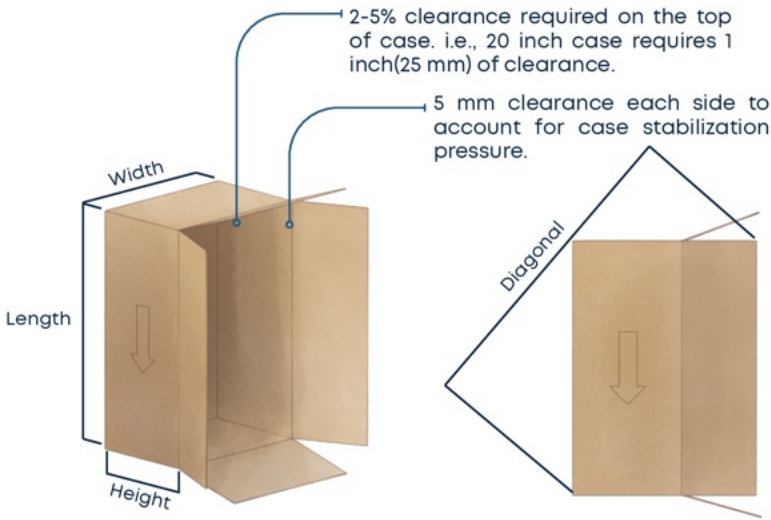

## Single Row Single Layer Case Configurations

\*Pricing is approximate and subject to change, contact your area sales manager for a personalized quote. Actual productivity and time to payback depend on many factors unique to each client.
